

## What is Publications Update?

01

Publications Update is a first of its kind innovative service initiated by Pfizer Medical Information for healthcare professionals. They are a comprehensive and timely compilation of scientific journal articles on various therapy areas.

## Which therapy areas are included?

02

Oncology, Hematology, Rare diseases, Cardiovascular, Nephrology, Rheumatology, Infectious Diseases, Women's Healthcare and General Medicine.

## What is the cost per therapy area?

03

We are pleased to inform you that Publications Update is provided as a free service.

## Is there a limit as to how many Publications Update I can register for?

04

No, there is no such limit. You can register for as many Publications Update as you are interested in.

## Do I have to register for each therapy area separately?

05

Yes, you need to complete the request form for each therapy area request separately.

## When can I expect these updates?

06

Depending on the therapy area, you will normally receive the updates either monthly, or every other month. When you receive the first update, you will be told the frequency and due date for future updates.

## Which email address will I receive these updates from?

07

Medicalinformation@e.mail.pfizerpro.com (Please note that this is a no-reply email)

## Can I receive Publications Update via post?

08

We cannot send these via post as we provide links to the abstracts for the articles in each Publications Update.

## How can I stop receiving these updates?

09

You can unsubscribe at any point by clicking the unsubscribe link at the bottom of the email you receive.
